

Life on earth is dependent on sustainable use of water, energy and other natural resources. We at Kemira are committed to become a leading water chemistry company, offering means to our customers to effectively recycle and treat water. We care for the environment and people in our daily work. We foster a can-do attitude, welcome new ideas, and succeed by working together. We offer professional growth opportunities and engage everyone in building the future of our company.

Kemira

Technical Sales & Service Representative, Pulp & Paper Chemicals (12 month contract)

Competitive Benefits Package

Home Based (Ideally located in South of England)

Due to ambitious growth plans in the UK a further opportunity has arisen for a Technical Sales & Service Representative for the Paper segment. Working initially on a 12 month contract, you will work in a team of four and be responsible for routine servicing of customer accounts, developing sales and promoting Kemira Paper within the UK, predominately for the South of England. You will also be asked to provide support for the North of England when required.

The role involves providing a technical service to our existing customers and further developing the UK business through new sales. You will identify business opportunities and potential accounts and develop new ideas and solutions for the business whilst providing technical support and problem resolutions for our existing customer portfolio.

Applicants should ideally be educated to degree level in Chemistry or Chemical Engineering or equivalent with a sound technical and commercial experience from within the paper manufacturing industry, ideally with knowledge of microbiological control and/or polymer & coagulant applications.

Candidates must have a strong customer focus, with the ability to develop our customer base. With a willingness to travel, the successful candidate will have good interpersonal skills and be action oriented.

For further details please contact James Atkinson, Manager , Paper Sales UK on +447802-225043.

Please send your application with CV and salary expectations to Elaine Wharton, Human Resources Manager, Kemira Chemicals (UK) Ltd, Bowling Park Drive, Bradford, BD4 7TT, UK or email elaine.wharton@kemira.com. The closing date for receipt of applications for this vacancy is Friday 21 October 2011.

Kemira is a global 2,0 billion euro chemicals company that is focused on serving customers in water-intensive industries. The company offers water quality and quantity management that improves customers' energy, water, and raw material efficiency. Kemira operates in 40 countries and has a staff of approximately 5,000 employees.
