

UK'S NUMBER 1 PRIVATE LABEL HOUSEHOLD PAPER MANUFACTURER

Assistant Mechanical Engineer and Shift Controls Superintendent – Leicester

LPC Group is a leading manufacturer of household paper and hygiene products employing more than 1,200 staff across manufacturing operations throughout Europe. Headquartered in Leicester, United Kingdom, the LPC Group markets and distributes products in over 27 countries and in 2009 had an annual turnover in excess of £230m.

We are recruiting for 2 senior engineering positions to be based at the main UK site in Leicester. The site consists of Kamns Paper Mill, XXL Converting containing the largest rewriter in the world and Hamilton which has a further 7 converting lines capable of producing a combination of soft toilet tissue and kitchen towel products.

Both roles cover all 3 sites and the ideal candidates will have paper mill and/or converting experience and the ability to administer good health and safety practices.

Assistant Mechanical Engineer – reporting to the Mechanical Engineering Manager you will be a major influence in creating an environment with a passion for asset predictability and reliability. Knowledge of site utilities is desirable.

Shift Controls Superintendent – Experience in fault finding and performing modifications on PLC's, and equipment such as drives, proportional valves and motors. A good general maintenance background and the ability to run a small team of electricians and fitters ensuring jobs are prioritized and completed in a timely manner.

LPC's plans of continued investment in facilities, systems and people will provide the right people with ample opportunity for progression.

To apply please send your CV to personnel@lpcgroup.co.uk
